REC–CONNECT
a project of
Parks and Recreation

Bradford Parks and Recreation wants to bring organizers and ideas together to move Bradford forward in our 250th year.

GOALS: Collaborate, Communicate, Coordinate

*** Share Ideas**

* **Network** with all organizations and people creating events in Bradford and surrounding areas

* *Create* **Community CALENDAR** so we are all on the same page, can access all information for events

* Develop **Contact list** for all organizations

*** Discussion:**
How can Parks and Recreation help our community?

We are so excited to get things moving....
