- Before our previous meeting Jon had investigated a high meter reading complaint. Based on the current usage the meter shows that it is running as it should, therefor the Commission had decided the meter was running properly and the customer was responsible for the full amount of the 3rd quarter invoice. The customer is insistent that the meter gave an inaccurate read and wanted to come back to the commission and ask that they split the difference in usage on his invoice. The Commissioners agreed to split the difference in usage and will be installing a new meter at the property.
