Bradford, VT 05033**

January 2, 2018

Robert Wing, Zoning Administrator
Town of Bradford
PO Box 339
Bradford, VT 05033

Dear Bob,

There have been two changes to site plan since the permit was issued. The first was to extend the concrete pad to improve customer access to containers as well as safety. The second was to move the attendant shed on the pad also to improve customer access.

It is the position of the Planning Commission that these changes are de Minimis and thus do not require another warned public hearing for approval.

Sincerely,

Marcey Carver, Chair
